Ministry Overview Worship Ministry

Purpose

To honor God by preparing and prompting His people in corporate and individual expressions of adoration to Him.

Vision

To be a thoroughly Biblical worship ministry that passionately seeks God's manifested presence, and that effectively leads people to experience His presence with us. We desire to lead both Christian and non-Christians to experience God's presence, believing that life-change can and will occur as a result. This leadership will occur through the use of vocal and instrumental music, drama, video, and other artistic elements.

The primary team for the Worship Ministry is the worship choir and orchestra.
